1 Meta-Data

Title: Title Author: Author Keywords: MMD, Mellel, etc. Category: Category
Comments: The MMD Metadata in this section can be entered in Mellel's Document Info menu. Base Header Level: 2 Base URL: Bibliography Title: Bibliography Bibliography Style: plain BibTeX: test Copyright: CSS: Email: Format: complete

2 Mellel2MMD

This file is a test document for Mellel2MMD. You can drag it on the Mellel2MMD droplet to create a Multimarkdown file from it.

3 Supported Elements

3.1 Headers

Mellel2MMD supports atx-style Headers.

3.2 Emphasis

You can use Mellel's Character Variation **B** for **bold**, *C* for *italic* text and *D* for ***bold italic*** text.

3.3 Links

Character Variation **F** is for **Inline Links**: LINK¹

3.4 Footnotes

Lorem ipsum dolor sit amet, consetetur sadipscing elitr, sed diam nonumy eirmod tempor inviduntut labore et dolore magna aliquyam erat, sed diam voluptua.² Lorem ipsum dolor sit amet, consetetur sadipscing elitr, sed diam nonumy

¹<http://daringfireball.net/projects/markdown/>

²This is a footnote.

And this a new paragraph in a footnote.

And yet another paragraph.

3 Supported Elements

eirmod tempor invidunt ut labore et dolore magna aliquyam erat, sed diam voluptua.³

3.5 Blockquotes

Mellel2MMD supports Markdown email-style for blockquoting. You have to use a paragraph style named *Blockquote* to make this feature work:

 Lorem ipsum dolor sit amet, consetetur sadipscing elitr, sed diam nonumy eirmod tempor invidunt ut labore et dolore magna aliquyam erat, sed diam voluptua. At vero eos et accusam et justo duo dolores et ea rebum.

3.6 Code Span and Preformatted Code Blocks

Mellel2MMD tries to detect the use of monospaced fonts and wraps the text in backtick quotes. This feature works only with the following fonts: Monaco, American Typewriter, Courier, Andale Mono, Courier New. You can also use a Character Style named Codespan to achieve the same effect.

Paragraph Styles named Code Block will be treated as Preformatted Code Blocks:

```
    Lorem ipsum dolor sit amet,  
    consetetur sadipscing elitr,  
    sed diam nonumy eirmod tempor  
    invidunt ut labore et dolore  
    magna aliquyam erat, sed diam  
    voluptua. At vero eos et accusam  
    et justo duo dolores et ea rebum.
```

3.7 Lists

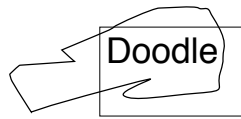

Here's an enumerated list:

1. item

³This is a footnote in a second note stream.
And here's a new paragraph.

3 Supported Elements

Figure 1: A figure

- a) item
- 2. item
 - a) item
 - i. item

And here's an itemized list:

- item
- item
 - item
 - * item

3.8 Citations

You can use Mellel's Bibliography feature with Mellel2MMD. The *Formatted Citation* field can be used to enter a page number. See Wu, *My Little Black Book*, p.34.

3.9 Figures

Here's a figure followed by a caption. Note that the caption has to be in the paragraph following the image.

3.10 Tables

Here is a table comparing Mellel2TeX vs. Mellel2MMD.

3 Supported Elements

Table 1: Mellel2TeX vs. Mellel2MMD

Features	Mellel2TeX	Mellel2MMD
Secondary Font Scripts	Yes	No
Cross-references	Yes	Not yet
Bibliography	Yes	Yes
Tables	Unreliable	Unreliable
Lists	Unreliable	Yes
