

ACT I

SCENE 1

(A room on the internet.)

FLOYD

Should I compare thee to a summer rose?

JO

No, a thorn bush.

FLOYD

A thorn bush?

JO

Yes.

FLOYD

Okay.

JO

Yee-haa.

FLOYD

The end?

JO

Sure is.

The file attached uses US Stage Play.

1. In US Stage Play compile, make sure "Convert Preserve Formatting blocks to dual dialogue tables" is selected.
2. To adjust the character name spacing (which seems to be corrupt in the template), choose Format > Scriptwriting > Script Settings > and then tweak the line indents to suit (I went from 3 to 2 inches in this project).
